

# Senator Harding Wins Beckham Beats Ernst Gilbert Defeats Swope

## COX AND BECKHAM CARRY KENTUCKY

(By Associated Press)

Louisville, Ky., Nov. 3.—Straggling returns from remote voting districts in Kentucky failed materially to change the lead of Gov. Cox and Senator Beckham today. Returns from the mountain region, however, showed a republican trend.

The vote for President in 2,707 precincts out of 3,226 in the state, gave Harding 381,648; Cox 408,127.

For Senator, 2,515 precincts gave Ernst, republican, 355,892; Beckham, democrat, 386,897.

Judge Ralph W. Gilbert, democrat, won the victory over a present Congressman by defeating Representative King Swope, republican, in the Eighth district.

Eight democratic and three republican Congressman will represent Kentucky.

The vote for the Socialist, Prohibitionist and Farmer-Labor presidential candidates is slow in coming in. Returns from 75 precincts gave Debs, Socialist, 531; Watkins, Prohibitionist, 129; None were reported for Christensen, the Farmer-Labor candidate.

(By Associated Press)

Louisville, Ky., Nov. 3.—Although the rest of the country went for Harding, Old Kentucky returned to her first love, Democracy, by a majority that may go as high as 20,000, according to the latest figures received by the Associated Press at midnight.

The re-election of Senator J. C. W. Beckham was conceded by the Associated Press at 2 a. m. Wednesday by a majority of from 10,000 to 15,000. Governor Cox will carry Kentucky from 15,000 to 20,000, running ahead of Beckham as the latter was knifed in many of the old wet corners.

Kentucky gains one Democratic congressman, as Judge Ralph Gilbert, of Shelbyville, completely overwhelmed Congressman King Swope. Gilbert has his race won by almost 4,000 majority, making a remarkable race all over the district.

Louisville went about 13,000 Republican and re-elected Congressman Ogdin by the big colored vote. Lexington went almost 2,000 Democratic. However, the women's vote helped greatly in rolling up a great Democratic ma-

majority in the Democratic districts.

## GILBERT'S VICTORY

Unofficial figures show that Judge Ralph Gilbert has rolled up an old-time Democratic majority in the district. The majorities in the 11 counties of the 8th district are unofficially as follows:

Gilbert Swope	600
Adair	900
Anderson	900
Casey	900
Boyle	900
Lincoln	50
Merce	900
Jessamine	900
Spencer	1100
Madison	350
Garrard	517
Shelby	2000

Totals ..... 6750 2567  
Democrats all over the 8th district are greatly pleased at the magnificent victory won by Judge Gilbert, for Congressman Swope and his friends were confident of victory and left no stone unturned to win.

WARREN G. HARDING

## HARDING FEELS HIS DEEP RESPONSIBILITY

(By Associated Press)

Marion, Ohio, Nov. 3.—Senator Harding heard the news of his election without enthusiasm. He issued a statement saying that he felt more like praying for guidance at such a time than for any celebration. He and his wife will leave almost at once for a vacation at Brownsville, Texas, after which they will go to New Orleans and take a ship for an ocean voyage to the Panama Canal for a vacation.

## LANDSLIDE TO THE REPUBLICANS

(By Associated Press)

New York City, 12:30 A. M.—Incomplete returns from eastern states show that Senator Harding is assured of 275 votes in the electoral college, with the landslide continuing to roll onward as western states were heard from.

The states which early returns showed to be safely in the Republican column were Connecticut, Delaware, Idaho, Iowa, Illinois, Kansas, Nebraska, Maine, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, Washington, Wisconsin and Wyoming.

The only states which were shown to be positively in the Cox column were Alabama, Arkansas, Florida, Georgia, Louisiana, Virginia, Mississippi, North Carolina, Oklahoma and South Carolina.

Tennessee and Texas.—At this hour returns were too meagre from most of the other states to justify placing them in either column.

Chairman White, of the Democratic National Committee, conceded the election of Senator Harding at 11 o'clock and sent telegrams of congratulations to him and to Vice President-elect Coolidge and to Republican National Chairman Will H. Hays.

The New York World and other papers which have supported Cox early flashed Harding's victory.

## Wilson Not Effected

(By Associated Press)

Washington, Nov. 3.—The republican landslide in the "solemn referendum" on the League of Nations, will have no effect on the President, was the comment on the election.

## THE LAST DISPATCH

(By Associated Press)

Louisville, Nov. 3. 3:30 p. m.—Gov. Cox and Senator Beckham continued to hold their democratic leads from returns today. From 2,810 precincts out of 3,226 in the state these returns gave Harding 385,857; Cox, 418,078; for Senator, Ernst republican, 370,972; Beckham, 399,815; 139 precincts in the state gave for president, Debs, socialist, 544; Watkins, prohibitionist, 138.

## REPUBLICAN WAVE MOUNTING HIGHER

(By Associated Press)

New York, Nov. 3.—One of the most sweeping republican victories in the party's history today stood recorded for Senator Warren G. Harding for president, and for a republican Congress.

Defeat for the presidency and Congress was conceded early by Democratic national leaders.

The tremendous and unparalleled republican pluralities continued mounting today. In the absence of final figures, Harding is assured 329 votes in the electoral college as against 127 for Cox, with 75 doubtful. This presaged a larger plurality of electoral votes for Harding than any since 1888, except the vote of 435 for Wilson in 1912, during the republican split.

Incomplete returns but decisive pluralities, indicated certainty of the following states for Harding:

California	13
Colorado	6
Connecticut	7
Delaware	3
Illinois	29
Indiana	13
Iowa	13
Kansas	10
Maine	6
Massachusetts	18
Michigan	15
Minnesota	12
Nebraska	8
New Hampshire	4
New Jersey	14
New York	45
Ohio	24
Oregon	5
Pennsylvania	38
Rhode Island	5
Utah	4
Washington	7
West Virginia	8
Wisconsin	13
Wyoming	3

Total ..... 329  
Gov. Cox had safely the following states:

Alabama	12
Arkansas	9
Florida	6
Georgia	13
Kentucky	14
Louisiana	10
Mississippi	10
North Carolina	12
South Carolina	9
Texas	20
Virginia	12

Total ..... 127

Returns today indicated that unless some sudden change appeared, the republican prediction held good that Cox would not carry a Western, Northern or Eastern state. The republican landslide left democrats nothing but the traditionally "solid south."

That the republicans will have a Senatorial majority of 8 to 10 in the next Senate is confidently predicted by republican managers. A net gain of 20 votes in the House is shown with returns from only 17 states.

CALVIN COOLIDGE

## COX CONGRATULATES PRESIDENT-ELECT

Dayton, O., Nov. 3.—Gov. Cox, the defeated Democratic presidential nominee, today wired his congratulations to Senator Harding, republican President-elect, pledging his support.

This message, the first act of the defeated candidate today, read:

"In the spirit of an American, I accept the decision of the majority. I tender my congratulations and pledge, as a citizen, my support to the executive authority in whatever emergency might arise."

## NEWS IN A NUTSHELL

Harding carried Illinois by 500,000, and the entire Republican ticket was elected.

Harding carried Ohio by over 150,000.

Indiana gave a lot of folks a surprise. Harding carried Hoosierdom by 250,000, the largest majority in her history. Tom Taggart was defeated for U. S. senator by Jim Watson, also a surprise to many.

Harding's majority in Louisville and the 5th district was 12,505. Beckham lost it to Ernst by 14,596, being scratched by many of the wet voters.

Senator James A. Reed, of Missouri, who hates the League of Nations as much as Johnson or Borah, voted the Democratic ticket straight through. He showed his ballot to the election clerks.

Republicans increase their lead in congress, even though King Swope was beaten. It looks like the senate will have 63 republicans and 43 democrats and the house 247 republicans and 185 democrats, with 2 independents and - prohibitionist.

New York state went for Harding by a 1,000,000 plurality. Tammany swapped Cox off in an effort to save Governor Al Smith for re-election, but Smith, too, went down in defeat by a closer margin.

West Virginia, where the big labor vote was counted on to help Cox, appears to have rolled up a Harding plurality of 50,000. In a three-cornered fight the republican candidate for governor, Morgan, also won out, it seems.

Judge Rogers Clay, of Lexington, won a handsome victory over Hiram Dean, of Jackson county, for judge of the court of appeals in this district.

Governor Cox is taking his defeat in the right way. He has a smile for every one and is planning a fishing trip with Senator Pat Harrison, of Mississippi.

## Weather For Kentucky

Fair tonight and probably Thursday; warmer Thursday and in west portion tonight.

## OFFICIAL VOTE SOON TO BE KNOWN

The official count of the ballots of Madison county will be completed some time Friday, three days being given for the work. This will be started, according to present plans, early Friday morning. It is believed they will all be "in and out of the way" during the day. The ballot boxes are being brought in from the various precincts and are being cared for at the office of County Clerk Maupin. While the vote is said to be one of the heaviest in the history of the county, there will be little less work, it is believed, owing to the fact that there will be but the one ballot to inspect and keep account of.

School ballots, according to information at hand, were given little attention, the chief interest centering upon the presidential vote. The school proposition here was probably given but little attention since there was no opposition to the candidates for board membership, and the voting was looked upon generally as a mere formality, and not a necessary one at that.

## MADISON REPUBLICAN

Notwithstanding the fact that the city of Richmond rolled up a splendid Democratic majority of 187, old Madison outside the city roll'd up a sufficiently strong Republican vote to overcome this, and the county as a whole went Republican about 350. Bearwalow precinct is still out as this issue goes to press, but the unofficial vote without it is shown in another column.

## A. S. GOTT DEAD

Mr. A. S. Gott died Tuesday afternoon in the eastern part of the city after an illness of several months. It is thought his death was due to chronic kidney affection with which he had long been a sufferer. He was 74 years of age and had been a resident of Richmond most of his life. He was a devout Baptist and highly esteemed by his neighbors and a host of friends. He is survived by his wife and two sons.

Funeral services will take place at the late residence Thursday afternoon at 2:30 o'clock, conducted by Rev. D. H. Matherly, followed by interment in the Richmond cemetery.

## DEMPSEY TO BOX WILLARD

Montreal, Nov. 3.—Jack Dempsey, world's heavyweight champion, announced here today that he had signed to fight a fifteen round bout with Jess Willard, former world's champion, to take place next March 17. The location of the fight he said, had not been decided.

## Big Sale of Stoves Is Reported by Muncy Bros.

One of the biggest stove sales in this section of the state came to a close court day Monday, when Muncy Brothers finished a sale of three carloads of cookers and heaters. The stoves were sold during the month of October, and they were distributed over the county and neighboring counties. Mr. Muncy in speaking of business conditions stated that Saturday was the biggest day in the history of his business in Richmond, and that the prospects for an unusually heavy Christmas trade looked very bright, since several future Christmas sales had already been made. These boys know the value of advertising, and realize that to make money one must spend money.

## NOW THE REAL FUN WILL SOON BEGIN

San Francisco, Nov. 3.—Zes was added to the election issues in California with the publication here Tuesday of statements by Senator Hiram W. Johnson, "irreconcilable" opponent of the League of Nations, and Herbert Hoover, proponent of the League idea.

The statements presented directly the opposing views of Senator Johnson and Mr. Hoover as to the attitude of Senator Harding and Samuel M. Shortridge, republican candidate for Senator from California, toward the League of Nations.

Publication of a statement issued Sunday by Mr. Hoover indorsing the candidacy of Senator Harding and Mr. Shortridge led to the charge published yesterday that Shortridge and Mr. Hoover had agreed to abandon the "irreconcilables" on the League of Nations issue.

In a statement issued Monday night, Senator Johnson declared Senator Harding "says he has turned his back upon the League" and favors "neither reservations nor interpretations, but rejection of it."

"Mr. Hoover," continued the statement, "says Mr. Harding is going into the League. I believe Mr. Harding."

Continuing, the Johnson statement declared the charges that there was an understanding between Mr. Hoover and Mr. Shortridge as to the attitude of the latter toward the League had been denied by Mr. Shortridge. "I believe Mr. Shortridge," the statement added.

## ERRORS IN VOTE

The Daily Register's table of election returns from over the county shows Harding carried the county by 402, but since the table was "set up" in type and just before the paper went to press a number of stub books were brought in and show that there are numerous errors, occasioned by taking the results over the phone hurriedly Tuesday night. It is said that the changes in several precinct will be sufficient to cut down the republican majority in this county to about 300.

## C. & O. President Dead

Richmond, Va., Nov. 3.—George W. Stevens, president of the C. & O. railway, dropped dead today.

If you want good coffee remember that you want Rockwood—you'll never go wrong if you stick with Rockwood. D. B. McKinney and Company. 266

Alf Taylor, a republican brother of the late famous Bob Taylor, appears to have been elected governor of Tennessee over Governor Roberts, democrat, whose taxation laws made many bolt him. Tennessee is also very close in the presidential race.

## COX HEARS NEWS

Dayton, Ohio, Nov. 3.—Gov. ernor Cox heard the returns at the office of his paper, the Dayton News, here. The News carried an extra conceding Harding's election. Governor Cox said he would make no statement tonight, and that whatever his paper says is purely impersonal. He was visited by reporters and was found smoking a cigar and smiling at all.

## FILIPINOS WANT AMERICA TO GIVE INDEPENDENCE

Maximo M. Kalaw Declares U. S. Cannot Consistently Refuse "Self-Determination."

By MAXIMO M. KALAW, Secretary of the Philippine Mission, Author "The Case for the Philippines," "Self-Government in the Philippines," etc.

"When they show sufficient capacity," "When they are able to govern themselves," "When they are educated enough." These are the answers of many Americans pressed with the question as to when the Philippines should be granted their independence. Now, "ability," "capacity," and "sufficient education"—What do they mean in black and white?

Maximo M. Kalaw.

Senator Shugart may think no people is capable of self-government that does not establish the judicial recall, or that has no Billy Sunday. John Smith of Somerville may think no people is capable of self-government that does not vote his democratic ticket, or go to church on Sundays.

"Capacity for self-government" is as broad and elastic as the world, and if that should be the criterion for the granting of Philippine independence, America might as well say to the Filipinos, "I will give you independence when it pleases me to do so."

Fortunately, the American promise to the Philippines is not based on such obscure and abstract conditions. It is based on a definite, tangible thing. When America, through her Congress, officially told the Filipino people that they would be granted their independence as soon as they could establish a stable government, no abstract or obscure condition was meant. Stable government, according to American usage, means a certain, definite thing.

The United States promised the Cubans the same thing, that "when they have established a stable government, then American troops would be withdrawn." As soon as the Cuban people elected a government suited to themselves, capable of maintaining order and fulfilling all international obligations, there was a stable government in Cuba, and American troops were withdrawn.

When Congress passed the Jones law, it simply borrowed the phrase "stable government" from the Cuban history and applied it to the Philippines. The history of Philippine legislation shows that in black and white, with full knowledge of what it meant, the Filipino people accepted the Jones law and immediately began setting up the stable government required by Congress as a pre-requisite to independence. The stable government is now a fact. It is indeed more than that; it is an undisputed fact.

The official representative of the United States in the Philippine Islands, the Governor General, reported to the American Congress and the administration that "the Filipino people have established the stable government demanded by Congress as a pre-requisite for the granting of independence."

A government elected by the people, which is capable of maintaining order and of fulfilling international obligations. This is the question of independence, of self-determination, of political independence, of self-determination. To the Philippines, at least, it is now a question of the United States is to force its own obligations on a people who are capable of self-determination. America went to the Philippines in the recent war as a conqueror, not as a liberator. The Filipinos cannot see how a conqueror can refuse to act as a liberator. The people, however, have a grievance against the United States. There is a message of friendship and gratitude. They seek justice as the natural and logical outcome of America's policy in the Philippines and of America's solemn promise to them. They come willing to give up privileges and concessions not compatible with their national well-being.

The Filipinos are willing to take their chance as a nation. Smaller nations beset by graver problems and dangers have taken a more hazardous chance at freedom, and have succeeded.

### SCHOOL CARNIVAL IS POSTPONED UNTIL SPRING

Owing to the fact that the season is getting late for such affairs and nice weather is not assured from one day to another, the Madison county school carnival will doubtless be held off until next spring. It was planned to hold the event during the early fall and arrangements had been made for the co-operation of the schools of the city. Superintendent Edwards, of the county schools, stated that since there was so much special work connected with getting the schools in order for the winter and extra work to be done, the carnival would, in all probability, be given during the spring or summer upon a larger scale than was planned even heretofore.

### ELECTRICITY FOR EVERY FARM

"There are a great many ways in which electricity helps out around the home. One way which I think I appreciate as much as any other is that it furnishes power to run a pump so that we have water under pressure for use in the home just the same as we would in the city."

"That means running water at the kitchen sink, hot or cold; I don't have to go out on the porch, even for water for kitchen use or for laundry—and the bath room—you wouldn't know until you had tried both ways, how much satisfaction and protection that bath room and indoor toilet is."

"And the electric lights. We have something over thirty about our house, porches, barnyard and the barns and sheds. They make an abundance of electric lights wherever we want it just by turning a switch here and there. We have had considerable experience with coal oil and gas lights, but this is the only really satisfactory kind of light for the home we ever had."

"It's the only thing we have that doesn't take a lot of cleaning or attention of some kind or another. If the attention wasn't given with the systems we used to have, then we went without light or got our coal oil lamps in order after dark."

"There's a nice electric light out there on the screened porch where we like to sit of an evening in the warm weather. Just outside is a big flower bed with a big fountain, part of our water system, and with it playing and good electric light all around us we certainly feel pretty well contented."

"We have the two-way switches wherever they are needed. We can turn the lights on and off on a high post in the barnyard and at the barn either from the house or at the barn."

"Our electricity is furnished by a small individual plant that we have installed in our wash house. Our 12 year old grand-son takes care of it. It is a gas engine and electric generator built together so they run without any belts, then there is a glass jar storage battery. The plant is self-starting and is air-cooled. They start it running once or twice a week and it runs till the battery is full, then it stops itself. It will burn gasoline or kerosene as fuel so that we get electricity at a very low cost."

"No the plant itself didn't cost so very much considering what it gives us, and electricity is such a convenience that you can afford to pay a great deal for the sake of getting it, if you have to. I didn't realize until we got it just how much it would mean to enjoy the comforts that electricity has brought to our home, nor how much it relieves me from the hard work I used to have to do."

### PLANT TREES THIS MONTH

For those who are going to plant fruit trees this fall, it would be found that November is the time to do this fall planting. The holes should be dug of sufficient size to readily accommodate the roots of the young trees.

They should be at least eighteen inches square and eighteen inches deep; side straight down and the bottom level. Place a little loose dirt in the hole and after the mangled and torn roots have been removed from the young tree, fine dirt should be placed around the roots and thoroughly packed so as to make sure that the roots will not suffer from lack of moisture.

#### Cecilian Club

The second meeting of the Cecilian Club was held at Arlington with Mrs. H. B. Hanger, hostess and leader.

The form of music chosen for the afternoon's study was the "Impromptu." The program was opened with a duet by Reinhold, played by Mrs. Harvey Chenault and Mrs. Middleton. Mrs. Blanton sang a "Serenade" by Raff, followed by an instrumental selection, Chopin's noted "Impromptu in A flat," interpreted by Mrs. T. C. McCown. Mrs. T. D. Chenault sang from Raff a selection in keeping with the subject. Schubert, the great master of melody, was fittingly represented in the number played by Mrs. Olin Green. Mrs. L. P. Evans gave the current events, and Mrs. Hanger sang an Autumn composition, accompanying herself. The subject of "Music as a Science and an Art" was briefly discussed by Mrs. Pickels. Mrs. Mehan, who has been the guest of Mrs. Chas. Powell for several weeks, brought the club a most refreshing message from the music clubs of Chicago. Music has been a life long interest of Mrs. Mehan's and her talk was most inspirational. A letter from Mrs. Harry V. Roberts, of Chicago, was read expressing her appreciation of the Club, of which she had been a member for several years, and tendering her resignation made necessary by change of residence.

The out-of-town guests were Mrs. A. E. Hamilton, Staunton, Virginia; Mrs. Mehan, of Chicago; Mrs. Harry Edwards, of Lexington; and Miss Louise Meigs, of Jacksonville, Florida.

The meetings at Arlington are always most delightful, and both members and guests count themselves fortunate to be included.

The next session will be with Mrs. Kellogg in the Summit, Nov. 10.

Mr. Joe Boggs, of Frankfort, was a visitor here Tuesday. James Dykes, Jr., of Irvine, spent Tuesday in Richmond. Mr. Tom Wells left Wednesday for a business trip to Hazard.

## WISH COMES TRUE AFTER MANY YEARS WAITING

Richmond Woman Says She Lived in Hope of Regaining Health—Tanlac Made Her Well and Strong.

"For a long time," said Mrs. M. T. Whitlow, of 2705 East Grace street, Richmond, Va., "I lived in hopes that some day I would get back my health, and by the help of Tanlac my wish has at last come true, for I have gained 15 pounds in weight and am now a strong, well and happy woman. "I never knew what it was to feel hungry and just had to force myself to eat. My food seemed to do me no good and I got in a badly run down condition. I was so nervous, weak and dizzy that I could not get out of my chair without holding on to something to keep from falling. Sometimes there was such a swimming in my head that everything seemed to be whirling around, and for two or three months I was so sick and weak that my family was distressed.

The regular practice of the American Legion football team continues, with prospects getting better every day of their ability to hold their own with the Berea post team, which will be here for the first game of the season on November 11.

Bolshevik troops are said to be in

"Finally I went to a hospital for treatment but that did me no good. My nerves were completely shattered and at night I would just lie awake suffering, worrying and wondering if there was nothing made that would help me. In the mornings I always felt so bad that I could not get up until late in the day, and then could do nothing but sit around. "But thanks to Tanlac, my condition is altogether different now. I had not finished the first bottle before I was feeling like a different person. My appetite returned; I was feeling better and began to feel like stirring around. Now I am able to do all my own work, for I am feeling perfectly well and strong. Every sign of stomach trouble, nervousness and dizziness has left me and my appetite is so good that I can hardly get enough to eat."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores. It

mutiny and hundreds are being killed by their officers. It is claimed the men say they are tired of fighting.

Big meeting Wednesday night of the members of the American Legion at the court house. There will be music and athletics galore and a general good time.

## Begin Right Now to Conquer Your Rheumatism

If you are going to again rely upon the liniment bottle to try to rub your Rheumatism away, you will be doomed again to nothing but disappointment. A disease that can cause so much pain and suffering is not on the surface of the skin, and cannot be rubbed away. Many forms of Rheumatism are caused by a tiny disease germ in the blood, and in such cases the only logical treatment is to search out and remove these germs from

the blood. For this purpose there is no more satisfactory remedy than S.S.S., the fine old blood remedy that has been in use for more than fifty years, and has given such general satisfaction for Rheumatism. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice, without charge. ## MAY NOT DEMAND A SECOND TRIAL

Although motion for an appeal, which will be the cause of the court of appeals taking action in the case should this be insisted upon, there are many conferences being held in the county jail, if reports are true, between Miss Florence Turpin and Mrs. Lizzie Finney, recently convicted of obtaining money under false pretense, and there is a probability of their changing their minds and accepting the terms of the Madison circuit court and asking that proceedings be stopped and start in on their sentences at once. It is said the younger woman is desirous of going to prison and starting her sentence as soon as possible. Mrs. Finney has been holding off, it is said, and has been demanding a new trial. There has been no official decision, however, since neither of them would commit themselves when seen at the county jail, where they will remain until the expiration of the 60 days granted for seeking a new trial, should they decide upon this course.

## CLEVER FORGER READY FOR PRISON

Walter Williams, recently convicted of forgery in the Madison circuit court, is preparing to leave, so he tells his friends who have called at the county jail to see him, and he is telling them truly, for he will go to Frankfort soon to begin serving a sentence of a one result as a result of his clever work about Richmond a few months ago.

Williams had a hobby and a friend—a young colored woman, whom he taught as being "sophisticated." She was. And this art, especially in the way of writing which got Williams in bad. The latter would don a pair of overalls, take a market basket and some of the cleverly signed checks, go to a store, make a small purchase tender the check and receive most of what the check called for in real money. He would appear generally on Saturday, when workmen usually present checks for their wages. But he presented one too many checks and was pinched. The woman in the case escaped. A number of local merchants suffered financially as a result of his operations.

## POFF MAY DECIDE TO ACCEPT VERDICT

Andy Poff, recently convicted of the murder of Jasper Kirby, and who was sentenced to state prison for a period of 15 years, is like a number of other prisoners in the county jail, considering the result of the jury's verdict, and it is probable that after taking an appeal he will decide to accept the sentence meted out to him, since he stated Tuesday night in his cell that he believed he would "get" started and go with a number of others who are soon to leave for prison. Poff stated at the time the verdict was read that he did not receive justice. The attorneys in the case filed the necessary papers for a new trial and Poff seemed satisfied, believing he would get off with a lighter sentence. However, after reflection he believes he would prefer going to prison now and starting his sentence to remaining here, awaiting another trial and taking the consequences. Unless he changes his mind, he will not have a second trial, but go to prison within a few days.

## NEW CONFECTIONERS GREATLY APPRECIATED

The opening of the new firm, Caden & Killpatrick, on Monday this week proved to be a decided success both financially and socially. The doors were thrown open at an early hour in the morning, and a stream of visitors and patrons thronged the store throughout the day. Mr. Caden has made a host of friends since coming to the city, and in bringing his new partner to Richmond, Mr. Killpatrick, who has been a resident of Lexington, comes with an enviable record, and is acknowledged in that city as one of its most popular young men. Their opening here was commented upon by the public for the elaborate decorations, the beautiful and sanitary fountain, and the polite and courteous attention given each one entering the store. A beautiful carnation and a small box of candy were given as souvenirs. Their such in Richmond seemed assured.

Mrs. Austin House left the latter part of the week for Mayo Brothers' Hospital in Rochester, Minnesota, where she will submit to an operation.

to testify against him, although this was her desire, and the case attracted considerable attention for some time.

## FIREMEN OF CITY ASK WAGE INCREASE

Petition Will Be Presented At  
Regular Meeting of Council  
Thursday Night

The firemen of the city will present to the city council at the regular meeting on Thursday night, a petition for an increase in salary. The petition will state, it is reported, that there has not been an increase in wages during the past fifteen years, and one of the chief reasons for the action is the additional cost of clothing, which oftentimes, is ruined, the firemen state, while fighting fires.

The action, it is claimed, will be endorsed by every member of the department. The work of the men who rush from their beds any hour of the night at the sound of the gong, has been commendable, and it is not believed there will be any opposition to the action and that there will be an increase granted. One of the firemen stated that especially on Sunday nights, where fires were reported, most of the men were garbed in their best clothes, and they would have no time to change, it being necessary for them to report for duty as they were, and this is one of the alleged causes for the increase asked. The volunteer firemen, according to law are allowed \$1 for every fire they attend and \$2 when there is water thrown upon the blaze.

A comparison with other cities the size of Richmond, shows the loss by fire as being well up at the top of the list. This reflects favorably upon the efforts of the firemen. There have been more than the usual number of fires in Richmond during the past six months, although the first three months of the year recorded fewer than usual. The mysterious fire period is the cause for the large number of conflagrations during the past four months. This, however, has ceased, it is believed.

**KENTUCKY UTILITIES STOCK**  
Shares in the Kentucky Utilities Company, quoted in a local advertisement, thru a typographical error, are quoted at \$58, instead of \$85. The company, one of the most progressive in the city, reports a good business as well as a demand for the stock which is offered during this special sale.

## MAINE TO OREGON; CHICAGO TO EL PASO

In Rhode Island Harding is leading Cox in 92 out of 194 districts with 45,322 to 19,221.

In New Hampshire returns of a third of the state show Harding leading Cox by 2 to 1, and Senator George H. Moses 10,000 votes ahead of his Democratic opponent.

With only 149 precincts reporting out of 1,483 in Colorado up to 12 o'clock, the Republican state and national tickets were leading by majorities of 5,000 to 6,000.

In Wisconsin Harding is leading Cox by a 5 to 1 vote.

In South Dakota, Harding is leading Cox by a substantial margin.

Harding carried Cox's home precinct in Dayton by 12 majority. Harding's plurality in Massachusetts may be the largest ever given a presidential nominee in that state.

Harding was elected president on his 55th birthday anniversary.

For the second time in its history, Boston went Republican in a presidential election. Harding's majority there is about 30,000. McKinley carried it in 1896 by 21,000. Wilson carried it four years ago by 18,000.

Portland, Ore., Nov. 3.—Six precincts in this city show Harding, 154; Cox, 31.

Republican Chairman Kennedy says Wyoming goes to Harding by 6,000 majority out of a vote of 60,000.

Shortridge, Republican, is leading Phelan, Democrat, for U. S. senator in California.

In Kansas City 72 precincts gave Harding 13,052; Cox, 6,773.

The Democratic majorities in Mississippi were about the same as in previous years.

379 districts out of 1659 in the state of Georgia show Cox 25,065; Harding, 8,457. In Atlanta Harding carried the 1st and 4th wards.

The first seven wards to report in Louisiana showed Cox 1,252; Harding, 382.

The Republican chairman in Colorado says Harding has carried that state by 40,000 majority.

Harding's home precinct in Marion voted: Harding, 373; Cox, 76. Four years ago it went Democratic.

Wilmington, Del., reports the vote. Harding, 5,135; Cox, 3,548.

Ten precincts in Marion county, Indiana, which contains the city of Indianapolis showed Harding, 3,686; Cox, 3,243.

In Charleston, W. Va., 251 precincts out of 1,800 show Harding, 36,359; Cox, 24,713.

All Democratic nominees in Alabama carried by old-time majorities.

In New York the Republicans made a clean sweep of everything, with the exception of the governorship, which is still in doubt.

With about two-thirds of the state in, Harding has 1,498,934 to 648,445 for Cox. If this ratio is maintained it is predicted that Harding may carry New York state by the unprecedented plurality of a million and a quarter votes.

With a third of the vote yet to be canvassed, Governor Al Smith, Democrat, is leading his Republican opponent, Judge Miller, by 6,257. For United States Senator James Wadsworth, Jr., Republican, was re-elected by a big majority.

## WHITE EXPLAINS IT

(By Associated Press.)

New York, Nov. 3.—Democratic National Chairman George White issued a lengthy statement late tonight. He said that the abandonment by some of the most influential Republican leaders of the very League of Nations which they helped to construct confused the people. What the people decide they must accept. Republican propaganda was shrewdly directed. The Irish question has been decided adversely to the hope of millions of that gallant race. The people have endorsed a separate peace with Germany, he declared, and groups of various

European nationalities were arrayed together and voted against the party in power. He asserted that for the first time in eight years the Republican party must face the question of a real constructive policy.

### White's Wire to Harding

New York, Nov. 3.—Chairman George White, of the Democratic National Committee, wired the following telegram of congratulation to Senator Harding: "The American people have overwhelmingly chosen you. Accept my congratulations on your leadership of the American people in this critical hour."
